LOCALLY GROWN

SMALL FARMS MAKING A DIFFERENCE

SUSTAINABLE LOCAL

We believe that small, diverse, family-owned farms contribute to society's overall health.

WELCOME TO OUR MARKET!

Conway Locally Grown is an online farmers' market that began serving Conway and the surrounding areas in May 2008. This market coordinates with local farmers to provide Conway with the freshest and highest quality fruits, vegetables, eggs, and meats. All of the producers farm using strict standards that ensure clean, safe, humanely produced foods. All products sold at Conway Locally Grown are produced within 150 miles.

Unlike other co-ops, buying clubs, and CSAs where everyone gets the same box of stuff—and you don't know what you're getting until you get it—with

Conway Locally Grown you get to order what you want, in the quantities that you want, from the farms that you want.

To use Conway Locally Grown, please visit our website by conway.locallygrown.net Once you're there, create an account, and then you'll be able to order locally grown food.

Pickups are every other Friday from 4:30 to 6:00

Sunday

Grower's Estimate

The growers take a look at their gardens and pastures and estimate what they'll have ready to harvest that week. The website is updated, and a reminder email goes out to customers that night.

Monday

The Market Opens

Ordering opens as soon as the reminder email goes out. Order early for the best selection.

Tuesday

The Market Is Still Open

You can continue to order on Tuesday.

Wednesday

The Market Is Still Open

Orders can be placed until 8 p.m. on Wednesdays. If you realize you forgot something on Monday or Tuesday, just come back and place another order.

Thursday

Growers Harvest

The growers get a notification of their orders for the week. They harvest and pack their orders.

Friday

Customer Pickup

The growers bring their harvests to Dr. Betsy Hendricks's office just prior to your arriving to pick up your order. You pay for your orders then, with cash or check.
